SVKM'S
NMIMS
Deemed to be UNIVERSITY

SCHOOL OF DESIGN

About

NMIMS Deemed-to-be University, with its strong multidisciplinary reputation, has expanded its academic offerings through the establishment of the School of Design. Since its inception in 2017, the School has combined expert faculty, modern infrastructure, and experiential learning to nurture future-ready creative professionals.

The B.Sc. Animation & VFX programme, introduced in August 2021, develops skilled computer graphic artists with a comprehensive understanding of animation, visual communication, multimedia, and graphics — covering character design, 3D modelling, rendering, texturing, lighting, digital film production, and gaming technology.

The batch of 2022-2026 completed its internship phase through 2025, gaining valuable exposure with leading animation, VFX, gaming, and media studios under the guidance of professional mentors, equipping them with the skills and confidence to excel in the evolving fields of animation, VFX, and digital content creation.

Dean's Message

I am pleased to welcome all external stakeholders to NMIMS University's School of Design, where creativity, technology, and business come together to shape future-ready talent. Building on the success of our B.Des in Humanising Technology, we are proud of the continued growth of our B.Sc. Animation & VFX programme within the School, strengthening our interdisciplinary approach.

As the batch of 2022-2026 completes its journey with us, I am delighted to see our students placed for internships across leading animation, VFX, gaming, and media studios — a reflection of the holistic learning experience that blends creative thinking with technological proficiency and human-centred insight.

We look forward to your continued partnership as we nurture the next generation of designers and innovators equipped to lead with empathy, creativity, and purpose.

Arundhati Guha Thakurta

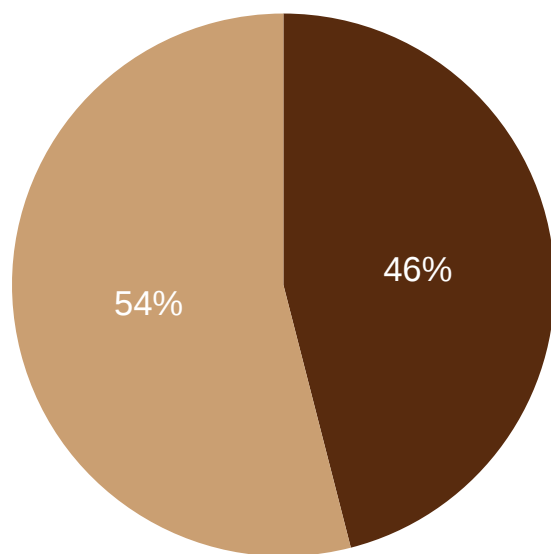

Dean In-Charge
