Feedback Analysis Report (AY 2023-24)

I. Preamble

It is the practice followed in our Institution to obtain feedback from the students about Academic / Curriculum / Co-curricular / Administration activities / Infrastructure etc. for the holistic development of the institution. The various source of feedback collection in the Academic Year 2023-24. are:

- Student Feedback (about the course & course teacher) during the semester.
- Feedback on the Curriculum from Students, Faculty and Employers

These feedbacks are collected and collated in the Department level/Institution level and important suggestions / comments / remarks given by the stakeholders on the curriculum & syllabi and other administration activities shall be considered for further course of action.

The curriculum feedback taken from stakeholders (student, faculty and employers) are collated and discussed at the Department Level.

The feedback who take the inputs into consideration for changes in curriculum. The BoS then deliberates the curriculum changes and forwards it to the Academic Council at University level for its approval. The Academic Council approves the changes which are then endorsed by the Board of Studies/ Academic Council and the changes are implemented in the curriculum from the forthcoming session.

Action Taken Report:

Feedback from different stakeholders (students, faculty and employers) was taken with a view to identify need for curriculum change. Department Head shared the results of the feedback with the Board of Studies members. The BOS members deliberated and identified the changes required in the curriculum of the program (B.Des (HT)).

The course structure was discussed respectively along with the faculty meeting. The changes were observed and discussed and from the proposed feedback it will be incorporated in the next academic year.
